

# FORSTER TRY IS DECISIVE

**Blacks 6pts, Whites 0**

Defence dominated in a representative Rugby Union game involving players from Wirral junior clubs at the Old Instonians ground yesterday.

The Blacks comprising players from Old Anselmians, Hoylake, Wirral, Rockferrians and Oldershaw, just edged home by a goal to nil against the Whites made up of players from Port Sunlight, Old Instonians, Caldy, Wallesey and Old Parkonians.

Whites, should have done better, possibly, but frittered away several scoring chances, particularly in the second half when they had the strong wind at their backs.

Merry showed up well on the wing for Whites, Welch proved a lively scrum-half and Linekar was prominent in a hard-working pack. Rydings, Green and Francis formed a useful back row for Blacks and there was some good work at fullback from Ferguson.

The only score came midway through the first half. After an excellent move involving several players, scrum-half Forster crossed for a try and Wainwright added the conversion.
